e-Poster Presentation

Afternoon Break

Date: Friday 5th December

Time: 16:00 - 16:30

Room: ePoster Pod 1

Session Title: e-Posters - 1.6 Advocacy & Awareness - Prevention

Presentations:

1. Sustainable cancer prevention starts with sustainable prevention success
Naowarut Charoenca, Mahidol University, (Thailand)
Abstract number: 959

2. Please like me – A qualitative evaluation of the Make Smoking History Facebook Page
Cassandra Clayforth, Cancer Council WA, (Australia)
Abstract number: 960

3. Social marketing on a shoe string
Amy Collie, Cancer Council Victoria, (Australia)
Abstract number: 961

4. Prohibitions/Restrictions on Flavoured Tobacco Products: Updated Overview of International Developments
Rob Cunningham, Canadian Cancer Society, (Canada)
Abstract number: 962

5. Cancer Council NSW Healthy Lunch Box strategy: Improving acceptability and relevance for Culturally and Linguistically Diverse (CALD) Communities?
Kristi Gander, Cancer Council NSW, (Australia)
Abstract number: 963

6. An example of a non-government and government program working in partnership to increase fruit and vegetable consumption
Nina Tan, Cancer Council NSW, (Australia)
Abstract number: 964

7. Pink Chain Campaign: Awareness regarding risk factors, symptoms and treatment facilities for cancer in different states of India.
Ankita Jaiswal, Punarjeevan Bihar, (India)
Abstract number: 965
Room: ePoster Pod 2

Session Title: e-Posters - 2.6 Advocacy & Awareness - Survivorship

Presentations:

1. To e or not to e: patient support in the digital era.
   Corinne Hinlopen, Dutch Cancer Society, (Netherlands)
   Abstract number: 967

2. Key learnings from an evaluation of statewide models of post-treatment care
   Michael Jefford, Peter MacCallum Cancer Centre, (Australia)
   Abstract number: 968

3. A video advocacy campaign prepared with technology readily available on most computers: Put this drug on the Pharmaceutical Benefits Scheme (PBS) for men with advanced prostate cancer.
   Jim Marshall, PCFA, (Australia)
   Abstract number: 969

   Sharon McGonigle, Princess Margaret Cancer Center, (Canada)
   Abstract number: 970

5. Using digital technology to empower and support young adult (18-45 years) cancer survivors and their significant others.
   Jillian Mills, Cancer Council NSW, (Australia)
   Abstract number: 971

6. Ireland’s Approach to Survivorship
   Susan O Reilly, Health Service Executive Ireland, (Ireland)
   Abstract number: 972

7. Challenges in the development and implementation of a national follow up policy for women with early breast cancer
   Susan O Reilly, Health Service Executive Ireland, (Ireland)
   Abstract number: 973

8. Extending on assistant activities for breast cancer patients in Hanoi - Vietnam
   Huong Phung Thi, Vietnam Environment Protection Fund, (Viet Nam)
   Abstract number: 974

Room: ePoster Pod 3

Session Title: e-Posters - 3.6 Scientific Studies - Systems

Presentations:

   Maria Eugenia Aponte-Rueda, Venezuelan Cancer Society, (Venezuela)
   Abstract number: 975

2. Incidence and mortality of breast cancer in Venezuela: Past and current trends
   Maria Eugenia Aponte-Rueda, Venezuelan Cancer Society, (Venezuela)
   Abstract number: 976
3. National breast cancer control strategy in Yemen
Huda Ba Saleem, Faculty of Medicine and Health Sciences, Aden University, (Yemen)
Abstract number: 977

4. Creating a research resource for less common cancers
Fiona Bruinsma, Cancer Council Victoria, (Australia)
Abstract number: 978

5. Cancer Control in Mali - Local Perceptions of Cancer Treatment and Priority Setting among Health Care Providers
Smita Chackungal, Western University, (Canada)
Abstract number: 979

6. As time goes by: exploring cancer survival differences across small areas and time period
Susanna Cramb, Cancer Council Queensland, (Australia)
Abstract number: 980

7. Routes to Diagnosis, a new measure for awareness and early diagnosis initiatives
Lucy Elliss-Brookes, Public Health England, (United Kingdom)
Abstract number: 981

8. Tackling inequalities through cancer intelligence: key metrics to enable change
Lucy Elliss-Brookes, Public Health England, (United Kingdom)
Abstract number: 982

Room: ePoster Pod 4

Session Title: e-Posters - 4.6 Scientific Studies - Prevention

Presentations:

1. Knowledge, attitude and practices of cervical cancer prevention among women attending HIV treatment centre in LAUTECH Teaching Hospital, Nigeria: A qualitative study
Adebola Adejimi, Ladoke Akintola University of Technology (LAUTECH) Teaching Hospital, (Nigeria)
Abstract number: 983

2. The effect of scalp cooling on chemotherapy-induced hair loss on breast cancer patients
Ayşe Arıkan Dönmez, Hacettepe University, (Turkey)
Abstract number: 984

3. Need for action: Preventive care for chronic disease risk factors within community mental health services.
Jenny Bowman, University of Newcastle, (Australia)
Abstract number: 985

5. Mindful weight loss: A systematic review of the efficacy of mindfulness interventions in terms of weight-related outcomes
Amanda Hutchinson, University of South Australia, (Australia)
Abstract number: 986

6. Disease prone behavior pattern and their interaction with smoking
ALEKSANDRA KIZIOR, Not for Profit, (Poland)
Abstract number: 987

7. Cancer Prone Behavior Pattern and their Interaction with Smoking Habit
Aleksandra KIZIOR, non-profit, (Poland)
Abstract number: 988
8. Lifetime physical activity and breast cancer risk, a case-control study in Kelantan, Malaysia
Aishah Knight Abd Shatar, Universiti Sains Malaysia, (Malaysia)
Abstract number: 989

9. Alcohol consumption and Mortality in the Korean Multi-center Cancer Cohort (KMCC) Study
Keun-Young Yoo, Seoul National University College of Medicine, (South Korea)
Abstract number: 990

Room: ePoster Pod 5

Session Title: e-Posters - 5.6 Scientific Studies - Screening

Presentations:

1. Patterns of Childhood Cancer Incidence In Saudi Arabia (1999- 2008)
Amen Bawazir, College of Public Health and Health Informatics, (Saudi Arabia)
Abstract number: 991

2. Overdiagnosis due to mammography screening programs: Evidence from South Australia
Kerri Beckmann, University of Adelaide, (Australia)
Abstract number: 992

3. Colposcopy Accuracy in a Non-cytology Based Cervical Cancer Screening Program
Jaydip Biswas, Chittaranjan National Cancer Institute, (India)
Abstract number: 993

4. Mortality profile of women recruited in a 10-years breast cancer screening cohort
Maira Caleffi, FEMAMA - Brazilian Federation of Philanthropic Breast Health Institutions, (Brazil)
Abstract number: 994

5. Association of history of dental extraction in patients with carcinoma of the alveolus of the maxilla and mandible- an audit
Kanchan Dholam, Tata Memorial Hosipital, (India)
Abstract number: 995

6. New consolidated decision principles for screening: a systematic review and synthesis of 45 years of evolving guidance
Mark Dobrow, University of Toronto, (Canada)
Abstract number: 996

7. The outcome of cervical cancer screening services integrated with primary health care: Down staging cervical cancer in a resource poor setting
Rita Isaac, Christian Medical College, (India)
Abstract number: 997

8. Trends in epithelial cell abnormalities observed on cervical smears (1992 – 2012) in Mubarak Al-Kabeer Hospital, Kuwait
Kusum Kapila, Kuwait University, (Kuwait)
Abstract number: 998
Room: ePoster Pod 6

Session Title: e-Posters - 6.6 Scientific Studies - Treatment

Presentations:

1. Functional Polymorphisms in Cancer Stem Cell Marker Gene CD133 Predict Local Recurrence and Distant Metastasis in Non-Small Cell Lung Cancer Patients Treated With Definitive Radiotherapy
   Qiming Wang, Affiliated Cancer Hospital of Zhengzhou University, Henan Cancer Hospital, (China)
   Abstract number: 999

2. Cyberknife Radiosurgery For Spinal Lesions: Experience In 21Cases
   Xiaoguang Wang, tianjin cancer hospital, (China)
   Abstract number: 1000

3. Outcome of supportive management in the prevention of chemotherapy induced nausea and vomiting in a resource limited set up –nurse experience
   Job Wekesa Wamukaya, Moi Teaching and Referal Hospital, (Kenya)
   Abstract number: 1001

4. Predicting fear of cancer recurrence in gynaecological cancer survivors
   Hayley Whitford, Cancer Council Australia, (Australia)
   Abstract number: 1002

5. Quality of life (QoL) in patients with malignant dysphagia receiving radiotherapy alone versus chemoradiotherapy: An International randomized trial: TROG (03.01) NCIC CTG (ES2)
   Rebecca Wong, Princess Margaret Cancer Center, (Canada)
   Abstract number: 1003

6. Risk factors predicting residual disease in subsequent hysterectomy following conization for cervical intraepithelial neoplasia (CIN) III
   Xufeng Wu, Hubei Maternity and Children's Hospital, (China)
   Abstract number: 1004

7. Association of GSTP1 and RRM1 polymorphisms with response and toxicity to gemcitabine-cisplatin combination chemotherapy in Chinese NSCLC patients
   zhijun yuan, The Affiliated Tumor Hospital of Xiangya Medical School of Central South University, (China)
   Abstract number: 1005

8. Amplification of EGFR or FGFR1 was predominantly found in HPV negative oropharyngeal carcinoma
   Jiyun Yun, Pathology, (South Korea)
   Abstract number: 1006
