e-Poster Presentation

Lunch and Learn Break

Date: Friday 5th December

Time: 13:15 - 14:45

Room: ePoster Pod 1

Session Title: e-Posters - 1.5 Advocacy & Awareness; Prevention

Presentations:

1. One size does not fit all: Introducing an equity framework into a tobacco reduction strategy
Lorraine Greaves, BC Centre of Excellence for Women's Health, (Canada)
Abstract number: 791

2. The case for banning duty-free tobacco sales and for banning/restricting duty-free personal import allowances
Rob Cunningham, Canadian Cancer Society, (Canada)
Abstract number: 792

3. Turkey Hookah Awareness Campaign
Tuba Durgut, Turkish Green Crescent, (Turkey)
Abstract number: 793

4. Advancing Supportive Cancer Care and Healing: Evidence-Based Training for Oncology Nurses in Georgia June 2014
University of Washington
Allison Dvaladze, Seattle Cancer Care Alliance/University of Washington, (United States)
Abstract number: 794

5. Citizen science: Cancer Council volunteers auditing tobacco retail outlets
Rae Fry, Cancer Council NSW, (Australia)
Abstract number: 795

Oluwafunmilola James, Breast Without Spot, (Nigeria)
Abstract number: 796

7. A Nation with 70% Youths- Using our resources to increase cancer control advocacy in Nigeria
Oluwafunmilola James, Breast Without Spot, (Nigeria)
Abstract number: 797

Maarit Laaksonen, The University of New South Wales, (Australia)
Abstract number: 798

Alvin Lee, Cancer Council Victoria, (Australia)
Abstract number: 799

10. Pretty Shady - engaging young Australians to stop skin cancer one summer at a time
Blanche Marchant, Cancer Institute NSW, (Australia)
Abstract number: 800
11. Advocacy strategies for public health policy gains - utilising the Smokefree Auckland Campaign as a case study
Kristina Marcks, Cancer Society of NZ Auckland Division, (New Zealand)
Abstract number: 801

12. Changing the Cancer Landscape by 2037: The Canadian Partnership Against Cancer (CPAC)’s Approach to Driving Outcomes and Measuring Performance
Melanie Mayoh, Canadian Partnership Against Cancer, (Canada)
Abstract number: 802

Adriana Menendez, Comisión Pro Fomento Vecinal Plaza Cuauhtémoc, (Uruguay)
Abstract number: 803

14. Youth against cancer in Kenya
Atilla Merdin, Youth Against Cancer in Kenya, (Kenya)
Abstract number: 804

15. A short introduction to cancer statistics
Terence Mills, Loddon Mallee Integrated Cancer Service, (Australia)
Abstract number: 805

16. Increasing awareness of alcohol as a risk factor for cancer: Approaches taken in Canada
Robert Nuttall, Canadian Cancer Society, (Canada)
Abstract number: 806

17. Addressing the educational needs of nurses caring for people with cancer in Ireland
Susan O Reilly, Health Service Executive Ireland, (Ireland)
Abstract number: 807

18. Improving NCD prevention by comprehensive health promotion strategies the complementary roles of the public and NGO actors
Eeva Ollila, Cancer Society of Finland, (Finland)
Abstract number: 808

19. Establishing cancer information service center in Accra, Ghana
Paul Opoku, African Cancer Organisation, (Ghana)
Abstract number: 809

Raul Pitarque, Argentinean Union against tobacco, (Argentina)
Abstract number: 811

22. Result and implementation of the graphic health warming in Indonesia
Soeminar Siregar-Soeryakoesoema, Indonesian Cancer Foundation, (Indonesia)
Abstract number: 812

23. Using mass media and online strategies to increase understanding of the UV Index
Terry Slevin, Cancer Council Western Australia, (Australia)
Abstract number: 813

24. Pink chain campaign in corporate offices: Cancer awareness campaign helping people to understand problems and screening modalities in cancer in high risk group.
Vivek Srivastava, Punarjeevan Bihar, (India)
Abstract number: 814

25. Scientific Technical Literature - contribution to the knowledge and prevention of cancer
Leticia Casado, National Cancer Institute from Brazil, (Brazil)
Abstract number: 815
Presentations:

1. The sensory effects of licorice: The abuse liability of a flavor additive in tobacco products
   Pebbles Fagan, University of Hawaii Cancer Center, (United States)
   Abstract number: 819

2. The development of a comprehensive exposure assessment strategy for polybrominated diphenyl ethers (PBDEs) for use in cancer epidemiology studies
   Shelley Harris, Cancer Care Ontario & University of Toronto, (Canada)
   Abstract number: 820

3. Bladder cancer risk is associated with occupational exposures to diesel but not gasoline engine emissions in a population-based case-control study of Canadian men
   Shelley Harris, Cancer Care Ontario & University of Toronto, (Canada)
   Abstract number: 821

4. Occupational exposure to diesel and gasoline engine emissions and colon and rectal cancer risk: results from a population-based case-control study in Canadian men.
   Shelley Harris, Cancer Care Ontario & University of Toronto, (Canada)
   Abstract number: 822

5. Results of the 2013 National Early Childhood Sun Protection Survey
   Kimberley Hawkins, Cancer Council SA, (Australia)
   Abstract number: 823

6. Rapidly changing causal factors of hepatocellular carcinoma (HCC) in Japan
   Hiroaki Kanda, Department of Pathology, the Cancer Institute of Japanese Foundation for Cancer Research(JFCR), (Japan)
   Abstract number: 824

7. Alcohol consumption and persistent infection of high risk-human papillomavirus.
   Mi Kyung Kim, National Cancer Center, (South Korea)
   Abstract number: 825

8. Synergistic effect of secondhand smoking and alcohol drinking on risk of high risk-persistent human papillomavirus infection.
   Ji Sook Kong, National Cancer Center, (South Korea)
   Abstract number: 826

9. Trends of female malignant neoplasms at Delhi State Cancer Institute (DSCI) - a tertiary level cancer care center catering to northern India
   Vinita Jaggi Kumar, Delhi State Cancer Institute (East), Dilshad Garden , Delhi , 110095, (India)
   Abstract number: 827

10. A novel and sustainable approach to educate the public on cancer awareness in Dominica: A unique Ross initiative
    Kamalendu Malaker, Ross University School of Medicine, (Canada)
    Abstract number: 828

11. Impact of a 10% excise tax increase on the retail price of tobacco in New Zealand
    Louise Marsh, University of Otago, (New Zealand)
    Abstract number: 829

12. Sugar-sweetened beverage (SSB) tax: Framing the message for public acceptability and support
    Jane Martin, Obesity Policy Coalition, (Australia)
    Abstract number: 830

13. Mental health patients' receptivity to and uptake of a smoking cessation intervention, and reported changes in smoking behaviour
    Alexandra Metse, University of Newcastle, (Australia)
    Abstract number: 831
14. Evaluating the efficacy of an integrated smoking cessation intervention for mental health patients: study protocol for a randomized controlled trial.
Alexandra Metse, University of Newcastle, (Australia)
Abstract number: 832

15. Relationship between enteric fever and gallbladder cancer: A systematic review and meta-analysis
Vinayak Nagaraja, Prince of Wales Hospital, University of New South Wales, (Australia)
Abstract number: 833

16. The correlation between history of breastfeeding and the incidence of childhood acute leukemia in Semarang, Indonesia
Yetty Nency, Faculty of Medicine, Diponegoro Univ/ Kariadi Hospital, (Indonesia)
Abstract number: 834

17. Food marketing with movie character toys: effects on young children’s preferences for healthy and unhealthy fast food meals
Philippa Niven, Cancer Council Victoria, (Australia)
Abstract number: 835

18. Impact of Cigarette Smoking on Nigerian Air Quality
Chukwumere Nwogu, Roswell Park Cancer Institute, (United States)
Abstract number: 836

Susan O Reilly, Health Service Executive Ireland, (Ireland)
Abstract number: 837

20. Synergistic effect of tobacco smoking and oral contraceptive on cervical intraepithelial neoplasia risk in Korea
Hea Young Oh, National Cancer Center, (South Korea)
Abstract number: 838

21. Case-Control study of Lifetime Physical Activity and Breast Cancer risk among Sri Lankan women
Varuni Kumari, National Cancer Control Programme, (Sri Lanka)
Abstract number: 839

22. Increasing implementation of effective smoking cessation strategies – The Quitstair
Christine Paul, University of Newcastle, (Australia)
Abstract number: 840

23. The preliminary report for breast cancer screening for 20000 women in China
Tao Yu, Liaoning Cancer Hospital, (China)
Abstract number: 841

24. Self-reported Prevalence on Cancer-related Risky Behaviors of Junior High School Students in Taiwan
Anlin Peng, TTY Biopharm Company Limited, (Taiwan)
Abstract number: 842

25. Prevalence and Determinants of Tobacco use among Restaurant employees in Mumbai, India
Sharmila Pimple, Tata Memorial Centre, (India)
Abstract number: 843

26. ‘Alcohol causes cancer in more places than you think’: Using a mass media campaign to raise awareness of the link between alcohol and cancer.
Helen Dixon, Cancer Council Victoria, (Australia)
Abstract number: 844

27. Influence of a community-based breast health education model on early diagnosis of breast cancer in Ghanaian women
Seth Wiafe, University of Southampton, (United Kingdom)
Abstract number: 845

28. Making sense of quitting unassisted – exploring the reasons why smokers choose to quit on their own
Andrea Smith, University of Sydney, (Australia)
Abstract number: 846
Room: ePoster Pod 3

Session Title: e-Posters - 3.5 Advocacy & Awareness - Systems, Palliative Care

Presentations:

1. Development of a Framework of National Cancer Control Indicators in Australia
   Cleola Anderiesz, Cancer Australia, (Australia)
   Abstract number: 847

2. Indigenous Patient Navigator: lessons learned from a pilot study in Queensland, Australia
   Christina Bernardes, Menzies School of Health Research, (Australia)
   Abstract number: 848

3. Changing the law: evidence, advocacy, and collaboration.
   Vanessa Rock, Cancer Council NSW, (Australia)
   Abstract number: 849

4. Policies Informed by Evidence Workshop: improving decision making processes for cancer control in Brazil
   Rodrigo Feijo, National Cancer Institute of Brazil, (Brazil)
   Abstract number: 850

5. Cancer Council NSW Healthy Lunch Box strategy: Utilising trained volunteers to achieve high reach into the community to deliver nutrition sessions
   Kristi Gander, Cancer Council NSW, (Australia)
   Abstract number: 851

   Elima Jedy-Agba, Research, (Nigeria)
   Abstract number: 852

7. Consumer engagement in cancer research: Development of a consumer advisory committee for researchers in Sydney, Australia
   Stella Jun, TCRN, (Australia)
   Abstract number: 853

8. Conducting a cancer awareness campaign - Subject based strategies
   Mohan Kumar, M.S.Ramaiah Medical College, (India)
   Abstract number: 854

9. The Patients' expectations Observatory: Having a better understanding of patients' expectations and needs in order to improve care and management
   Agathe Lasne, UNICANCER, (France)
   Abstract number: 855

10. Using network analysis in CANCON Joint Action
    Satu Lipponen, Cancer Society of Finland, (Finland)
    Abstract number: 856

    Mamadou Bamba Sagna, LISTAB, (Senegal)
    Abstract number: 857

12. khojo cancer mitao cancer
    Lalit Gandhi, Global Marwari Charitable Foundation, (India)
    Abstract number: 858

13. The past, present and future of regulation of claims on food packages in Australia
    Lyndal Wellard, Cancer Council NSW, (Australia)
    Abstract number: 860

14. Use of mobile phone to disseminate information on the dangers of tobacco
    Hesborn Were, Tobacco and Alcohol Free Initiative(TAFI), (Kenya)
    Abstract number: 861
15. Designing and implementing a health disparities framework at Quit Victoria
Bryn Williams, Cancer Council Victoria, (Australia)
Abstract number: 862

16. Ethnicity as a risk in the first 10 year population study in Sikkim – A North Eastern State of India
Yogesh Verma, Department of Health care Human services and family welfare, (India)
Abstract number: 863

17. “Palliative care... Transforming Ideas to Actions”; A Community Outreach Program
Manal Al-Zadja, Ministry of Health, (Oman)
Abstract number: 864

18. Palliative care: Getting started – An online program
Lyndsay Cassidy, St Vincents Hospital, Melbourne, (Australia)
Abstract number: 865

19. Palliative care model in Ho Chi Minh city, Vietnam
Dung Pham Xuan, Ho Chi Minh City Oncology Hospital, (Viet Nam)
Abstract number: 866

20. Evidence level of integrative medicine in supportive care
Afsar Imam, Akhter Husain Foundation, (Pakistan)
Abstract number: 867

21. Generating evidence for strategic funding of cancer research: Cancer Australia’s audit of funding in Australia to cancer research projects and research programs 2006 – 2011
Cleola Anderiesz, Cancer Australia, (Australia)
Abstract number: 868

22. Canadian health technology assessment system for cancer drugs improving cancer patient outcomes: How patient engagement systematically informs a uniquely Canadian HTA system
James Gowing, Canadian Cancer Action Network, (Canada)
Abstract number: 869

23. Cross-boundary Cancer Studies
Norie Kawahara, Research Center for Advanced Science and Technology, The University of Tokyo, (Japan)
Abstract number: 870

24. Implementing a Cancer Registry in a Brazilian Nationwide Self-administered Health Care Plan: Strategies and Initial Findings
Marcia Braga, Petróleo Brasileiro S.A. - Petrobras, (Brazil)
Abstract number: 871

25. Knowledge Summaries of Comprehensive Breast Cancer Control
Andre Ilbawi, MD Anderson Cancer Center, (United States)
Abstract number: 872

26. Lessons Learned: Establishing Performance Measurement for a Provincial Cancer Control Organization in Saskatchewan, Canada
Riaz Alvi, Saskatchewan Cancer Agency, (Canada)
Abstract number: 873
Room: ePoster Pod 4

Session Title: e-Posters - 4.5 Scientific Studies - Survivorship

Presentations:

1. A longitudinal pilot evaluation of supportive care intervention for colorectal cancer patients in general practice: The SATp Intervention
   Irene Ngune, Curtin University, (Australia)
   Abstract number: 875

2. Predicting Attendance of Post Treatment Cancer Care Patients in General Practice: The Role of Concomitant Health Conditions in the Theory of Planned Behaviour
   Irene Ngune, Curtin University, (Australia)
   Abstract number: 876

3. What causes breast cancer? A systematic review of causal attributions among breast cancer survivors and how these compare to expert endorsed risk factors
   Jo Anne Dumalaon, Flinders Centre for Innovation in Cancer, (Australia)
   Abstract number: 877

4. The ProCare Trial: A phase II randomised controlled trial of shared care for follow-up of men with prostate cancer
   Jon Emery, University of Melbourne, (Australia)
   Abstract number: 878

5. Are we talking with patients about sexuality: Challenges in ambulatory settings
   Margaret I. Fitch, Odette Cancer Centre, Sunnybrook Health Sciences Centre, (Canada)
   Abstract number: 879

   Margaret I. Fitch, Odette Cancer Centre, Sunnybrook Health Sciences Centre, (Canada)
   Abstract number: 880

7. Telephone, print and web-based interventions for physical activity, diet and/or weight loss among cancer survivors: A systematic review
   Ana Goode, University of Queensland, (Australia)
   Abstract number: 881

8. How is post-treatment survivorship conceptualised by people from different cultural groups?
   Michael Jefford, Peter MacCallum Cancer Centre, (Australia)
   Abstract number: 883

9. Helping our support group leaders to lead
   Evan Kallipolitis, Prostate Cancer Foundation of Australia, (Australia)
   Abstract number: 884

    Hee-Taik Kang, Gangnam Severance Hospital, (South Korea)
    Abstract number: 885

11. What can the youth internet culture offer to survivorship care in young adults with cancer? A study of blogs with an interest in gender differences
    Bora Kim, University of Sydney, (Australia)
    Abstract number: 886

12. Implementing survivorship care plans in a comprehensive cancer centre
    Nicole Kinnane, Australian Cancer Survivorship Centre, Peter MacCallum Cancer Centre, (Australia)
    Abstract number: 887
13. **Self-reported chronic disease in those with history of cancer – the influence of sex and socioeconomic status.**
   Bogda Koczwara, Flinders Centre for Innovation in Cancer, (Australia)
   Abstract number: 888

14. **Change in supportive care needs over the early disease trajectory for adults with primary brain tumours: a population-based study**
   Danette Langbecker, Queensland University of Technology, (Australia)
   Abstract number: 889

15. **Predictors of body image in overweight and obese breast cancer survivors: Living Well after Breast Cancer**
   Sheleigh Lawler, University of Queensland, (Australia)
   Abstract number: 890

16. **The correlation between preoperative tumor markers and lymph node metastasis in gastric cancer patients underwent curative treatment**
   Fangxuan Li, Tianjin medical university, (China)
   Abstract number: 891

17. **Effects of a clinician referral and exercise program for men who have completed active treatment for prostate cancer: a multicentre cluster randomized controlled trial [ENGAGE].**
   Patricia Livingston, Deakin University, (Australia)
   Abstract number: 892

18. **Identifying variation in cancer mortality in the elderly; not as easy as it sounds**
   Elizabeth Jane Maher, Macmillan Cancer Support, (United Kingdom)
   Abstract number: 893

19. **Understanding the Variation in Brain and Central Nervous System Survivorship Outcomes and Morbidities**
   Elizabeth Jane Maher, Macmillan Cancer Support, (United Kingdom)
   Abstract number: 894

20. **Body Image in Adolescents and Young Adults with Cancer: A systematic review and meta-analysis**
    Serafino Mancuso, St Vincent's Hospital Melbourne, (Australia)
    Abstract number: 895

21. **Cancer Patients Motives and Commitment towards Islamic Healing**
    Mazanan Muhamad, Universiti Putra Malaysia, (Malaysia)
    Abstract number: 896

22. **Skin-sparing Mastectomy with Immediate Breast Reconstruction - When feasible, why not!**
    Shravan Nadkarni, SAWAI MANSINGH MEDICAL COLLEGE & HOSPITALS, JAIPUR, Rajasthan, India, (India)
    Abstract number: 897

23. **Financial hardship and challenges accessing income support for AYAs and parent carers: ‘The amount of pressure Centrelink puts on you is enough to send anyone mental’**
    Lisa Orme, Peter MacCallum Cancer Centre, (Australia)
    Abstract number: 898

24. **Quality of life, depression and anxiety levels and social support perceiving in caregivers of Turkish cancer patients under radiotherapy**
    Zerrin Ozgen, MARMARA University Pendik Hospital, (Turkey)
    Abstract number: 899

25. **Development of a population-based model of local control and survival benefit of radiotherapy for selected gastrointestinal cancers**
    Jesmin Shafiq, Collaboration for Cancer Outcomes Research & Evaluation (CCORE), Ingham Institute of Applied Medical Research, (Australia)
    Abstract number: 900

26. **The changing landscape of advanced melanoma and its impact for cancer nurse specialists**
    Christine Archer, ACT Health, (Australia)
    Abstract number: 901
27. The prognostic value of BAFF and APRIL serum levels in patients with follicular lymphoma
Pingyong Yi, Hunan Cancer Hospital and the Affiliated Cancer Hospital Of Xiangya School Of Medicine, Central South University, (China)
Abstract number: 902

Room: ePoster Pod 5

Session Title: e-Posters - 5.5 Scientific Studies - Treatment

Presentations:

1. Quality of life of gynaecological cancer patients undergoing radiotherapy treatment at the Oncology Department at the Komfo Anokye Teaching Hospital, Ghana
Vivian Dela Atuwo-Ampoh, Komfo Anokye Teaching Hospital, (Ghana)
Abstract number: 903

2. Effect of prostate cancer treatment types on cardiovascular disease risk factors in prostate cancer patients
Iya Eze Bassey, Nigerian Cancer Society, (Nigeria)
Abstract number: 904

3. Final Results from a phase-II randomized controlled study evaluating ADXS11-001 immunotherapy targeting HPV-E7 in women with recurrent/refractory cervical cancer
Partha Basu, Chittaranjan National Cancer Institute, (India)
Abstract number: 905

4. “If you were going to have bowel cancer surgery, who would you choose?” How urban and rural colorectal patients experience decision-making for referral to hospital and specialist
Rebecca Bergin, Cancer Council Victoria, (Australia)
Abstract number: 906

5. A Phase-II Randomized Placebo Controlled Study on Efficacy of Topical Application of Curcumin and Curcumin Containing Polyherbal Cream to Clear Cervical Human Papillomavirus Infection
Jaydip Biswas, Chittaranjan National Cancer Institute, (India)
Abstract number: 907

Chinmoy Bose, NCRI, (India)
Abstract number: 908

7. Quality of implementation of a smoke-free policy in an inpatient psychiatric facility: Association with patient acceptability
Jenny Bowman, University of Newcastle, (Australia)
Abstract number: 909

8. Male breast cancer: Epidemiological study in patients attended in three academic hospitals in São Paulo
Marcelo Calil, Instituto Brasileiro de Controle do Câncer, (Brazil)
Abstract number: 910

9. Cat’s claw (Uncaria tomentosa) for the treatment of palliative care
Marcelo Calil, Instituto Brasileiro de Controle do Câncer, (Brazil)
Abstract number: 911
10. Chemotherapy in patients with hormone resistant prostate cancer: analysis of benefits and efficacy at a public hospital of Brazil.
Marcelo Calil, Instituto Brasileiro de Controle do Câncer, (Brazil)
Abstract number: 912

11. Distant metastasis in squamous cell cancer of the oral cavity
Arun Chaturvedi, Dr. Ram Manohar Lohia Institute of Medical Sciences, Lucknow, (India)
Abstract number: 913

12. Psychological issues and interventions in elderly cancer patients referred to a psycho-oncology service in a tertiary care cancer centre in a developing country
Jayita Deodhar, Tata Memorial Hospital, Mumbai, India, (India)
Abstract number: 914

13. The Information Needs of Egyptian Newly Diagnosed Breast Cancer Women Undergoing Surgery and Their Levels of Satisfaction with the Provision of Information
Karima Elshamy, Faculty of Nursing, Mansoura University, Egypt, (Egypt)
Abstract number: 915

14. Time trends of clinicopathological features and surgical treatment for gastric cancer – results from two high-volume institutions in southern China
Wei Wang, Sun-yat sen university cancer center, (China)
Abstract number: 916

15. Socioeconomic and geographic disparities: concordance with treatment guidelines and time to treatment for people with lung cancer
Kalinda Griffiths, University of Sydney, (Australia)
Abstract number: 917

16. The applying of NiTi cryoapplicators in the treatment of skin tumors
Anton Khazov, Saint-Petersburg City Clinical Oncology Health Center, (Russia)
Abstract number: 918

17. Treatment outcomes of incidentally detected carcinoma of gallbladder: Experiences from a tertiary care cancer centre in India
Sunil Kumar, All India Institute of Medical Sciences, New Delhi, (India)
Abstract number: 919

18. Predictors of breast radiotherapy plan modifications: Quality assurance rounds in a large cancer centre
Fei-Fei Liu, Princess Margaret Cancer Centre (Canada)
Abstract number: 920

19. Comparison of IMRT and VMAT for stereotactic irradiation of primary prostate cancer
Bo Luo, Hubei Cancer Hospital, (China)
Abstract number: 921

20. Abrupt isolated central nervous system relapses after completion of palliative platinum based chemotherapy
Vinayak Maka, M S Ramaiah Medical college, (India)
Abstract number: 922

21. Combination of intraoperative radiotherapy (IORT) by using intrabeam system and oncoplastic breast surgery in Vietnam
Tung Dinh Nguyen, Hue Central Hospital, (Viet Nam)
Abstract number: 923

22. Nipple sparing mastectomy and immediately breast reconstruction in Vietnam
Tung Dinh Nguyen, Hue Central Hospital, (Viet Nam)
Abstract number: 924
23. Phase I trial of a cancer vaccine consisting of 20 mixed peptides in patients with castration-resistant prostate cancer: dose-related immune boosting and suppression
Masanori Noguchi, Kurume University School of Medicine, (Japan)
Abstract number: 925

24. Exploring the education and information needs of patients on oral anticancer medications
Susan O Reilly, Health Service Executive Ireland, (Ireland)
Abstract number: 926

25. Does neoadjuvant chemoradiation maintain a functional anal sphincter and a good quality of life in rectal cancer patients?
Zerrin Ozgen, MARMARA University Pendik Hospital, (Turkey)
Abstract number: 927

Georgina Prassas, The Royal Prince Alfred Hospital, (Australia)
Abstract number: 928

27. Analysis of the determinants that influence delays in the time to initiation of treatment of breast cancer in Brazil
Luiz Claudio Thuler, Brazilian National Cancer Institute, (Brazil)
Abstract number: 929

28. The Australian National Blood Cancer Registry
Janey Stone, Australasian Leukaemia & Lymphoma Group, (Australia)
Abstract number: 930
6. Information needs and preferences: perspective of Pakistani cancer patients
Mansoor Hussain, (Pakistan)
Abstract number: 936

7. A central cancer registry and a physician join forces to accelerate progress in understanding thyroid cancer
Jeannette Jackson-Thompson, University of Missouri School of Medicine, (United States)
Abstract number: 937

8. The predicted increase in cancer cases in Africa by the year 2050: Positive or negative news?
Webster Kadzatsa, College of Health Sciences, University of Zimbabwe, (Zimbabwe)
Abstract number: 938

9. Semi-quantitative HPV viral load estimation by Hybrid Capture2 as bio-marker for detection of Cervical Intraepithelial Neoplasia3 and cancers
SRABANI MITTAL, Chittaranjan National Cancer Institute, (India)
Abstract number: 939

11. Trends in Residual NMSC Treatment
Neiraja Gnaneswaran, Waterford Medical Centre, (Australia)
Abstract number: 941

12. Blocking the PI3K/AKT pathway can impair metastasis of esophageal cancer
Wen Wen Xu, The University of Hong Kong, Hong Kong
Abstract number: 942

13. CanStaging: The online tool facilitating the international availability, standardisation and comparison of cancer staging
Giulio Napolitano, Northern Ireland Cancer Registry, Queen's University Belfast, (United Kingdom)
Abstract number: 943

14. Annexin V Expression and It's Relation with Inflammatory Mediators in Colorectal Cancer Patients
Serpil Nebioglu, Ankara University, Faculty of Pharmacy, (Turkey)
Abstract number: 944

15. The malignant palm-plantar melanoma at the University Hospital in Brazzaville, Congo
Judith Nsonde Malanda, Science faculty Brazzaville, (Congo)
Abstract number: 945

16. Health-seeking trajectory of men with regards to symptoms of colorectal-cancer : A qualitative study
Devesh Oberoi, Curtin University, (Australia)
Abstract number: 946

17. A South Australian Cancer Atlas shows important Variations in Cancer Risk and Outcomes, but can better use be made of Australian data to support the work of Cancer Councils?
Greg Sharplin, Cancer Council SA, (Australia)
Abstract number: 947

18. Correlation Between Parameters of Dynamic-Contrast Enhanced MRI and Clinical Stage of Nasopharyngeal Carcinoma
Xiaoping Xu, Hunan Cancer Tumor, (China)
Abstract number: 948

19. Cancer Council Helpline 13 11 20 – how many people use this information and support service and why not?
Monica Byrnes, Cancer Council SA, (Australia)
Abstract number: 949

20. Tobacco related cancers in Turkey
Murat Gultekin, Turkish Ministry Of Health Cancer Control Department, (Turkey)
Abstract number: 950

21. Cervical cancer epidemiology in Ghana
Yvonne Nartey, University of Otago, (New Zealand)
Abstract number: 951

22. Facilitators and barriers to help seeking behaviour among Ghanaian women with breast cancer symptoms
Seth Wiafe, University of Southampton, (United Kingdom)
Abstract number: 952
23. **Colposcopy as an adjunct to cytology in the diagnosis of cervical precancer and cancer in an executive health care set-up: A retrospective study in Mumbai, India**
Yogesh Kumar Gundakalle, J.N. Medical College, (India)
Abstract number: 953

24. **Using data visualization and mapping software to enhance understanding and increase use of health-related data**
Jeannette Jackson-Thompson, University of Missouri School of Medicine, (United States)
Abstract number: 954

25. **A Palliative Performance Scale Based Prediction Model for Survival in Patients Undergoing Palliative Radiotherapy**
Fuqiang Wang, National Cancer Centre Singapore, (Singapore)
Abstract number: 955

26. **Survival analysis of 121 patients with spinal metastases from single center**
Guowen Wang, Tianjin Medical University Cancer Institute And Hospital, (China)
Abstract number: 956

27. **Review of cancer literacy across cultures.**
Anna Shillabeer, RMIT University, (Viet Nam)
Abstract number: 957

28. **Evaluation of Quality of Life and Anxiety and Depression levels in patients receiving Chemotherapy for colorectal cancer: impact of patient education before treatment initiation**
suayib yalcin, Hacettepe University Institute of Cancer, (Turkey)
Abstract number: 958

7. **Helicobacter pylori cag-a positivity - an important determinant for esophageal squamous cell carcinoma risk: a meta-analysis**
Vinayak Nagaraja, Prince of Wales Hospital, University of New South Wales, (Australia)
Abstract number: 1239
