e-Poster Presentation

Morning Break

Date: Friday 5th December

Time: 11:15 - 11:45

Room: ePoster Pod 1

Session Title: e-Posters - 1.4 Scientific Studies - Diagnosis

Presentations:

1. Late diagnosis of female breast cancers in Cameroon: Between ignorance and negligence
   Marc Keller, French League Against Cancer, (France)
   Abstract number: 743

2. Cultural beliefs about cancer influencing help-seeking and symptom appraisal: A meta-synthesis of qualitative findings
   Sharon Licquirish, University of Melbourne, (Australia)
   Abstract number: 744

3. Age of Technology: Falling standard of clinical competence of new medical graduates; Oncology’s contribution to reverse this trend: improve clinical competence, care for all, including cancer patients
   Kamalendu Malaker, Ross University School of Medicine, (Canada)
   Abstract number: 745

4. Stages at diagnosis of common cancers in Ghana, Western Africa
   Paul Opoku, African Cancer Organisation, (Ghana)
   Abstract number: 746

5. Same genetic factors of predisposition to lung cancer.
   Sergiu Brenister, Moldavian Oncology Institute, (Moldova, Republic of)
   Abstract number: 747

6. Preliminary application of contrast-enhanced cone-beam breast CT in differentiating benign and malignant breast lesions
   Zhaoxiang Ye, Tianjin medical university cancer institute & hospital, (China)
   Abstract number: 748

7. The value of cone-beam breast computed tomography in breast cancer detection and diagnosis with comparison to conventional digital mammography
   Zhaoxiang Ye, Tianjin medical university cancer institute & hospital, (China)
   Abstract number: 749

8. Correlations between perfusion and intravoxel incoherent motion (IVIM) diffusion in nasopharyngeal carcinoma
   Qiang Lu, Hunan Cancer Tumor, (China)
   Abstract number: 750
Room: ePoster Pod 2

Session Title: e-Posters - 2.4 Advocacy & Awareness - Screening

Presentations:

   Suyapa Bejarano, Liga Contra el Cancer Honduras, (Honduras)
   *Abstract number*: 751

2. Raising awareness of Breast Cancer early detection in Kingdom of Saudi Arabia
   Eiman Binyameen, Alfaisal University, (Saudi Arabia)
   *Abstract number*: 752

3. Shwe Yaung Hnin Si Cancer Foundation’s efforts to improve awareness of cancer among people of Myanmar.
   Yin Yin Htun, Shwe Yaung Hnin Si Cancer Foundation, (Myanmar)
   *Abstract number*: 753

5. Encouraging Equal Access to Breast Cancer Health Services Through Breast Health Education
   Ana Teasdale, Susan G. Komen, (United States)
   *Abstract number*: 754

6. Cervical precancer treatment in low-resource settings: Lower prices, new technology options, and optimal scenarios for smart deployment
   Vivien Tsu, PATH, (United States)
   *Abstract number*: 755

Room: ePoster Pod 3

Session Title: e-Posters - 3.4 Advocacy & Awareness - Diagnosis

Presentations:

1. Improving early detection and diagnosis of breast cancer in the Commonwealth of Dominica
   Hedda Dyer, Ross University School of Medicine, (Dominica)
   *Abstract number*: 759

2. An organized cervical cancer recommendation for regions with low rate of cervical cancer(Iran/Muslim countries)
   Nahid Khodakarami, Shahid beheshti University of Medical Sciences, (Iran)
   *Abstract number*: 760

3. National society of pediatric hematologists and oncologists as an instrument of united professional community forming on the territory of the Russian Federation
   Kirill Kirgizov, Dmitriy Rogachev Federal Research Centre of Pediatric Hematology, Oncology and Immunology, (Russia)
   *Abstract number*: 761

4. Costing of a State wide population based Cancer awareness and Early Detection campaign in 2.7 million population of Punjab State in Northern part of India.
   Jarnail Thakur, Post Graduate Institute of Medical Education and Research, Chandigarh, (India)
   *Abstract number*: 762
5. Signs in MR mammography: Eyes sees what mind knows
Meenakshi Thakur, Tata Memorial Hospital, (India)
Abstract number: 763

6. “I am Maximo. I am an advocate.” The universal story of the advocate
Viji Venkatesh, The Max Foundation, (India)
Abstract number: 764

7. Drama therapy workshop – Awareness through creative expression
Viji Venkatesh, The Max Foundation, (India)
Abstract number: 765

8. Validity and reliability study of Chemotherapy-Induced Taste Alteration Scale (CITAS)
Elif Sözeri, Gazi University, (Turkey)
Abstract number: 766

Room: ePoster Pod 4
Session Title: e-Posters - 4.4 Scientific Studies - Prevention

Presentations:

1. Improving Information Dissemination in BRCA1/2 Families with a Family Communication Tool
Emma Healey, Prince of Wales Hospital, (Australia)
Abstract number: 767

2. Understanding Information Dissemination Challenges in BRCA1/2 Families
Emma Healey, Prince of Wales Hospital, (Australia)
Abstract number: 768

3. The Relationship between Passive Smoking and Breast Cancer Risk by N-Acetyl-Transferase 2 (NAT2) in Non-Smoking Arab Israeli Women
Lital Keinan-Boker, Ministry of Health, (Israel)
Abstract number: 769

4. Prevalence and socio-demographic deciding facts of tobacco use inside a group of people in Ouagadougou having HIV
Marc Keller, French league against cancer, (France)
Abstract number: 770

5. Survey on Tobacco addiction at Senghor University in Alexandria, Egypt: Mars 2012
Marc Keller, French league against cancer, (France)
Abstract number: 771

6. Application of fluorescence quantitation polymerase chain reaction(PCR) and HC2-HPV-DNA for high-risk HPV detection in early screening of uterine cervical cancer
Shixia Li, Tianjin Medical University Cancer Institute and Hospital, (China)
Abstract number: 772

7. Environmental Determinants for Head & Neck Cancer Prevention in North India.
Anupam Mishra, CSMMU (KGMC), (India)
Abstract number: 773

8. Evaluation of the Western Australian (WA) LiveLighter “Sugary Drinks” obesity campaign
Belinda Morley, Cancer Council Victoria, (Australia)
Abstract number: 774
Room: ePoster Pod 5

Session Title: e-Posters - 5.4 Scientific Studies - Palliative Care

Presentations:

1. Burnout and meaning in life in volunteers working in palliative care
   Jayita Deodhar, Tata Memorial Hospital, Mumbai, India, (India)
   Abstract number: 775

2. Assessment of social and emotional wellbeing in cancer patients by FACT-G score and it’s correlation with FACT-G TOTAL score in Indian scenario
   Sanjay Dhiraj, Sanjay Gandhi Post Graduate Institute of Medical Sciences, (India)
   Abstract number: 776

3. Impact of Palliative Care Education Intervention on Nurses’ knowledge, Attitudes and Experience towards the Care of the Dying at Oncology Center - Mansoura University
   Karima Elshamy, Faculty of Nursing, Mansoura University, Egypt, (Egypt)
   Abstract number: 777

4. Social Constraint amongst people with advanced cancer: A correlate with stigmatisation and anxiety
   Nicole Hennessy Anderson, Saint Vincent's Hospital, (Australia)
   Abstract number: 778

5. Bone lesion score - a predictor of success of radionuclide therapy in skeletal metastasis
   Ghazal Jameel, Nuclear Medicine Oncology and Radiotherapy Institute - Islamabad - Pakistan, (Pakistan)
   Abstract number: 779

6. Decision Making Factors in Consultations between Older People and Their Oncologists
   Heather Lane, St Vincent's Hospital, (Australia)
   Abstract number: 780

7. The discussion of age and geriatric assessment domains in consultations between older people and their oncologists.
   Heather Lane, St Vincent's Hospital, (Australia)
   Abstract number: 781

8. Tendency to breast reconstruction after breast mastectomy among Iranian women with breast cancer
   Amirhossein Mohammadian Bajgiran, Mashad University of medical sciences, (Iran)
   Abstract number: 782

Room: ePoster Pod 6

Session Title: e-Posters - 6.4 Scientific Studies - Systems

Presentations:

1. Bone tumor profile in Dr. Soetomo Hospital Surabaya – Indonesia six years experience
   Sjahjenny Mustokoweni, Airlangga University, (Indonesia)
   Abstract number: 783
2. Purposes, of Jordan cancer registration cancer figures 1996-2010
Omar Nimri, Ministry of Health, (Jordan)
Abstract number: 784

3. Trends of mortality from leukemia and lymphomas in children below 20 years, Brazil
Débora Silva, INCA, (Brazil)
Abstract number: 785

4. Racial disparities in cervical cancer (CC) survival in Brazil
Luiz Thuler, Brazilian National Cancer Institute, (Brazil)
Abstract number: 786

5. Prognostic factors in cervical cancer: a Brazilian cohort
Luiz Thuler, Brazilian National Cancer Institute, (Brazil)
Abstract number: 787

6. Patterns of care and outcome of elderly women diagnosed with cervical cancer (CC) in the developing world
Luiz Thuler, Brazilian National Cancer Institute, (Brazil)
Abstract number: 788

7. The challenges of coding cancer of unknown primary (CUP) - a survey of current registration and reporting practices in Australia, the United Kingdom, and Republic of Ireland
Claire Vajdic, University of New South Wales, (Australia)
Abstract number: 789

Zoubida Zaidi, University Hospital of Setif, (Algeria)
Abstract number: 790
