

# **Cervical Cancer Prevention: The Interface of HPV Vaccination and Screening Strategies**

**UICC World Cancer Congress  
Montreal 2012**

**World Health  
Organization**

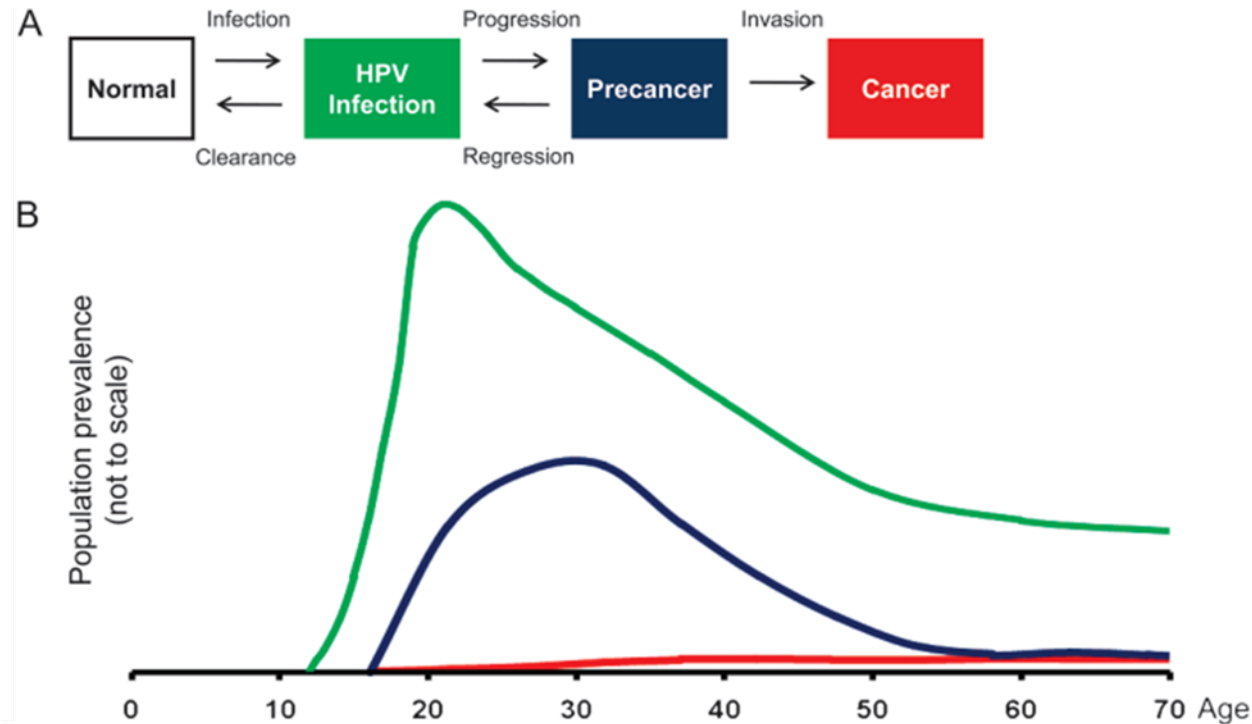

# Introductory Remarks

---

## **Linking cervical cancer prevention to the global health agenda**

Andreas Ullrich WHO

# Cervical Cancer Prevention: using the natural history continuum

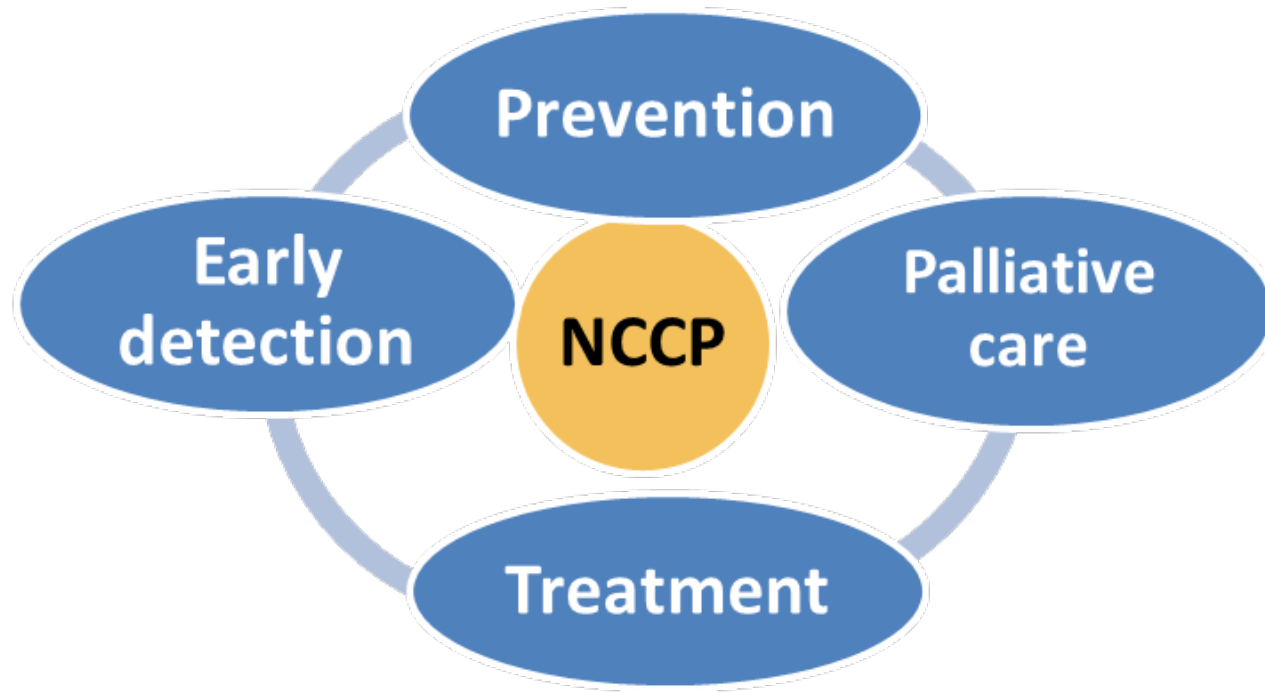

**Early detection: pre-cancer**

**Prevention**

**Early detection: cancer**

# Comprehensive Approach

# WHO's global NCD control Framework

## Surveillance

Mapping the  
epidemic of  
NCDs

## Prevention

Reducing the  
level of  
exposure to  
risk factors

## Management

Strengthen  
health care for  
people with  
NCDs

# The reality check: cancer screening mostly absent
