e-Poster Presentation

Afternoon Break

Date: Thursday 4th December

Time: 15:30 - 16:00

Room: ePoster Pod 1

Session Title: e-Posters - 1.3 Advocacy & Awareness; Diagnosis

Presentations:

1. Lobby Day Project: Breast Cancer Survivors Take Action in the Brazilian National Congress
   Maira Caleffi, FEMAMA - Brazilian Federation of Philanthropic Breast Health Institutions, (Brazil)
   Abstract number: 695

2. Joining Forces to Overcome Cancer: The Kenya Cancer Research and Control Stakeholder Meeting Experience
   Kalina Duncan, National Cancer Institute, (United States)
   Abstract number: 696

3. The development of a communal tumour board in South West Nigeria
   Suleiman Giwa, Lagos State University Teaching Hospital, Ikeja, (Nigeria)
   Abstract number: 697

4. Educational resources of the National society of pediatric hematologists and oncologists for improvement of early diagnosing of pediatric oncological diseases
   Kirill Krigizov, Dmitriy Rogachev Federal Research Centre of Pediatric Hematology, Oncology and Immunology, (Russia)
   Abstract number: 698

5. Cancer crusades: student-inspired, student-directed
   Ritu Lakhtakia, College of Medicine & Health Sciences Sultan Qaboos University, (Oman)
   Abstract number: 699

6. Electronic cancer referral for family doctors (GPs)
   Susan O Reilly, Health Service Executive Ireland, (Ireland)
   Abstract number: 700

7. What drives the cost of cancer treatment? Insights from an analysis of a longitudinal cohort (Cancer 2015) linked to administrative reimbursement data
   Paula Lorgelly, Monash University, (Australia)
   Abstract number: 701
Room: ePoster Pod 2

Session Title: e-Posters - 2.3 Advocacy & Awareness - Palliative Care

Presentations:

1. Development of Palliative Care in Kazakhstan
   Gulnara Kunirova, Together Against Cancer, (Kazakhstan)
   Abstract number: 703

2. Motivational interviewing and cognitive behavioral therapies. New roads to the final destinations
   Joel Marcus, Ochsner Cancer Institute, (United States)
   Abstract number: 704

3. Illness trajectories: evidence for improving palliative care in Botswana
   Esther Ntsayagae, University of Botswana, (Botswana)
   Abstract number: 705

   Issarang Nuchprayoon, Wishing well foundation, (Thailand)
   Abstract number: 706

5. The role of a physician in palliative care of cancer patients admitted in a western Kenya county hospital
   Sarah Obuya, Moi Teaching &Referral Hospital, (Kenya)
   Abstract number: 707

6. Management of children with end stage disease in a Burkitt Lymphoma treatment program in western Kenya
   Pamela Were, Moi Teaching & Referral Hospital, (Kenya)
   Abstract number: 708

7. Recognition of Palliative Care as a Nursing Specialty in Israel: A Big Step Forward
   Aliza Yaffe, Israeli Association of Palliative Care, (Israel)
   Abstract number: 709

8. Determining the Symptoms of the Patients with Head and Neck Cancers Receiving Radiotherapy
   Sevinç Kutlutürkan, Gazi University, (Turkey)
   Abstract number: 710

Room: ePoster Pod 3

Session Title: e-Posters - 3.3 Scientific Studies - Systems; Prevention

Presentations:

1. An investigation of quality of life in patients with gastric cancer after total gastrectomy
   Huiying Wang, Department of Gastrointestinal Oncological Surgery, (China)
   Abstract number: 711

2. Association between Ambient Concentrations of Fine Particulate Matter and the Incidence and Mortality of Cancer
   XiaoJian Qin, Fudan University Shanghai Cancer Center, (China)
   Abstract number: 712

3. The potential to use an existing criterion to underpin food marketing to children regulation in Australia
   Wendy Watson, Cancer Council NSW, (Australia)
   Abstract number: 713
   Wendy Watson, Cancer Council NSW, (Australia)
   Abstract number: 714

5. Advanced stage presentation of cancer in Eastern India- how is the alternative medicine responsible?
   Soma Mukhopadhyay, Netaji Subhas Chandra Bose Cancer Research Institute, (India)
   Abstract number: 715

6. Developing standards tool and evaluation of population based cancer registry in Iran
   Kazem Zendehdel, Cancer Institute of Iran, (Iran)
   Abstract number: 716

7. Cancer Care Nurses’ Competencies in Malaysia: The Work Environment
   Nor Aida Maskor, Universiti Putra Malaysia, (Malaysia)
   Abstract number: 717

8. The National Cancer Registry of Uruguay: a model for sustainable cancer registration in LATIN-AMERICA
   Maria Munoz, Comisión Honoraria de Lucha contra el Cáncer, (Uruguay)
   Abstract number: 718

Room: ePoster Pod 4

Session Title: e-Posters - 4.3 Scientific Studies - Prevention

Presentations:

1. Barriers to follow-up of abnormal Pap smears among female sex workers in Lima, Peru
   Devora Aharon, Icahn School of Medicine at Mount Sinai, (United States)
   Abstract number: 719

2. Role of sustainable cancer awareness programs in decreasing morbidity and mortality with cancer: A Sudanese Experience
   Hussain Ahmed, University of Hail, Sudanese Cancer Foundation, (Saudi Arabia)
   Abstract number: 720

3. Burden of Oral Cancer in Sudan and the possible risk factors
   Hussain Ahmed, University of Hail, Sudanese Cancer Foundation, (Saudi Arabia)
   Abstract number: 721

4. Breast cancer knowledge, perception and screening practices among Yemeni women: An application of the health belief model
   Khaled Al-Sakkaf, Aden Cancer Registry and Research Center, Faculty of Medicine and Health Sciences, Aden University, (Yemen)
   Abstract number: 722

5. Frequency of Locally Advanced Breast Cancer and Its Determinant Factors in North Pakistan
   Muhammad Aleem Khan, Nuclear Medicine, Oncology and Radiotherapy Institute (NORI), Islamabad, Pakistan, (Pakistan)
   Abstract number: 723

6. Knowledge of breast cancer among newly diagnosed female clients at Komfo Anokye Teaching Hospital, Kumasi, Ghana
   Comfort Asoogo, Komfo Anokye Teaching Hospital, (Ghana)
   Abstract number: 724

7. The provision of smoking cessation care for people with mental illness: Expectations and experiences of ‘carers’
   Jacqueline Bailey, University of Newcastle, Australia, (Australia)
   Abstract number: 726
Room: ePoster Pod 5

Session Title: e-Posters - 5.3 Scientific studies - Survivorship

Presentations:

1. C/EBPβ expression is an independent predictor of overall survival in breast cancer patients by MHCII/CD4-dependent mechanism of metastasis formation
Ewa Kurzejamska, Karolinska Institute, (Sweden)
Abstract number: 727

2. UK cancer survivorship: What the data tells us about the number of children, teenagers and young adults living with and beyond cancer
Elizabeth Jane Maher, Macmillan Cancer Support, (United Kingdom)
Abstract number: 728

3. Psychological Distress among Caregivers of Longterm Survivors of Primary Malignant Glioma – a Mixed Methods Study
Jennifer Philip, St Vincent's Hospital, (Australia)
Abstract number: 729

4. Modifying body image related affect and cognitions in breast cancer survivors using a self-compassion based writing activity
Astrid Przezdziecki, Liverpool Cancer Therapy Centre, (Australia)
Abstract number: 730

5. Living well after breast cancer: Feasibility, acceptability and efficacy of a weight loss intervention for women following breast cancer treatment
Marina Reeves, Cancer Prevention Research Centre, SPH, University of Queensland, (Australia)
Abstract number: 731

6. Attitude and insight of husbands of mastectomized patients in a resource limited setting.
Rakesh Roy, Saroj Gupta Cancer Centre & Research Institute, (India)
Abstract number: 732

7. Making sense and moving on: Understanding the impact of cancer on the life narratives and adjustment of adolescent and young adult cancer survivors, compared to healthy controls.
Ursula Sansom-Daly, University of New South Wales, (Australia)
Abstract number: 733

8. Let's Talk About Sex Baby: Exploring the Barriers and Facilitators to Effective Sexual Communication in Male Cancer Survivors and Strategies to Improve Psychosexual Interventions.
Zac Seidler, University of Sydney, (Australia)
Abstract number: 734
Room: ePoster Pod 6

Session Title: e-Posters - 6.3 Scientific Studies - Treatment

Presentations:

1. Ginger as an adjuvant for chemotherapy-induced nausea and vomiting: where does the evidence stand?
   Wolfgang Marx, Bond University, (Australia)
   Abstract number: 735

2. Awareness about breast-self examination and behavioral-related risk factors for breast cancer among young Colombian women: A cross-sectional analysis
   Jose Meneses-Echavez, Universidad Santo Tomás, (Colombia)
   Abstract number: 736

3. A single institution experience of 701 Juvenile Nasopharyngeal Angiofibromas (JNA): Changing epidemiology in past 6 decades and Clinical/ Molecular behaviour in Indian population.
   Anupam Mishra, CSMMU (KGMU), (India)
   Abstract number: 737

4. Hopes and hypes with image based brachytherapy: An Indian experience with 53 patients. Can it be the standard yet?
   Swarup Mitra, Rajiv Gandhi Cancer institute and Research centre. Delhi India, (India)
   Abstract number: 738

5. Analysis of surgical treatment for 72 patients with brain metastases
   Yonggao Mou, Chinese Anti Cancer Association, (China)
   Abstract number: 739

6. High incidence of Gall Bladder cancer in Gangetic West Bengal: A study from a hospital based cancer registry
   Ashis Mukhopadhyay, Netaji Subhas Chandra Bose Cancer Research Institute, (India)
   Abstract number: 740

7. Utilisation of cotesting (human papillomavirus DNA and cervical cytology) after treatment of CIN: A survey of GPs awareness and knowledge
   Aime Munro, Women's Health Clinical Care Unit, (Australia)
   Abstract number: 741

8. Metaplastic Carcinoma of Breast: The Basilisk among Breast Cancer
   Shravan Nadkarni, Sawai Mansingh Medical College and Hospitals, Jaipur, (India)
   Abstract number: 742
